

Micro Update has been in business since 1987 - nearly 30 years. Starting with software development, then building some of the first PC's we moved to graphic design and web solutions around 1998. Building on many years experience in the print and graphics trade, Jonathan has built a very technical and design orientated business. We supply quality web solutions for our clients and always take our time to make sure each client ends up with the perfect solution.

We provide [professional web design in Devon](#) along with [Search Engine Optimisation](#) , Social Networking and Mobile Application Development.

We believe in giving local customers a personal service, which does not mean high costs, but **quality results at realistic prices**

We use solutions that are maintainable by our clients if required, such as Wordpress. We are based in Devon and prefer to deal with local businesses. We like to meet with clients and discuss requirements in full before starting a project.
